SHOT BY A BOLD THIEF. COULD NOT LIVE WITHOUT ANGEL. STABBED SEVEN TIMES.

San Francisco Grocer
Dangerously Wounded
By Robber.

Caught the Fellow in the
Act of Robbing
His Till.

SAN FRANCISCO, April 15.—John Tiedemann, a grocer doing business at 2674 Twentieth street, was shot and dangerously wounded by an unknown robber in the small bar-room attached to the rear of his grocery store this morning. After the shooting, the robber fled and has not yet been apprehended by the police, although they have an accurate description of him. Tiedemann was sitting on a customer when the robber entered the front door of the store and walked directly through to the small bar-room situated at the rear. Tiedemann walked back to the bar-room and served the robber with a glass of wine. There was no conversation between the grocer and patron while he was drinking his wine. Tiedemann walked out to wait on another customer. Tiedemann walked back into the room a second time. He found his strange customer behind the bar, making a desperate effort to open the cash register. As he called out: "What are you doing there," the robber turned around quickly whipped out a revolver from his pocket and fired point blank at Tiedemann's face at short range. The heavy bullet entered Tiedemann's right ear and as he fell, bleeding and unconscious, the murderous robber fled down Twentieth street. Tiedemann regained consciousness before the noon hour, however, and was able to give Detective Fitzgibbon and Regan, who are detailed on the case, an accurate account of how the shooting and robbery occurred. He also gave them a description of his assailant and it is believed that his capture will be effected.

Promising Young Student at University Sends a Bullet Through His Brain.

BERKELEY, April 14.—With a bullet hole through his head and the revolver that ended his life lying in a pool of blood beneath him, Hans Gutmeyer, an Austrian student in the University of California was found dead this morning at the home of Abraham Cox, 1909 University avenue, where the dead man has resided for the past year. Gutmeyer had shot himself through the right temple, the bullet tearing its way through his head and lodging in the wall behind him. When found this morning the body was leaning over the table, upon which was an open book and some letters and a note. The letters had been written just before the dependent man fired the fatal shot. They were his farewell letters.

HEARD THE SHOT.
Last night at 10:30 o'clock the neighbors heard a pistol shot, though the inmates of the house heard no report. It must have been the shot that ended Gutmeyer's existence. Not until this morning, when Julia Cox went into his room to make the bed, was the tragedy discovered. The body was in the posture described, while blood was spotted on the floor and bed, and a pool of blood and brains, covered the table.

HIS LAST LETTER.
The letter which throws the most light on the cause of his suicide is as follows: "My too delicate health will not permit me to reach my goal. Without that angel who lives in England, with his beautiful eyes is my heaven, this life is worthless."

Gutmeyer was known to have had a friend in England of whom he was very fond. He had remained with him during a visit to that country and often wrote letters to him. The "angel" is supposed to be this Englishman. Gutmeyer's enthusiastic nature would cause him to use extraordinary language with reference to a man.

NO COWARD.
Another note scribbled in German reads: "The desire to live is strong in my nature, but I am no coward. I call it cowardice!" In the last sentence, the "it" evidently refers to suicide which he calls a cowardly act.

He left two letters, one to his uncle, Joseph Gutmeyer, in Vienna and the other to the Austrian-Hungarian Consul in San Francisco. Both these were sealed, addressed and stamped.

BOUGHT A PISTOL.

Gutmeyer's suicide was entirely unexpected by his friends, though he himself had evidently contemplated the act for some time. Last Friday two of his friends called at his rooms to spend a musical evening, Gutmeyer being very musical. At the time the student produced a 38 calibre Smith & Wesson revolver, which he said he had purchased in San Francisco the day before. When asked why he had purchased the weapon, he laughed and said that it was a better gun than they used in the Austrian army and that he wanted to practice with it. He invited his friends to go up into the hills with him and try it. He seemed in the best of spirits, and there was nothing in his action to indicate the real purpose for which the revolver had been purchased.

CAME FROM LEIPZIG.

The suicide came to the University of California a year ago. He was a student at Leipzig, and after studying here intended to return to take his degree. He was a good student and did some excellent work in the Agricultural Department. His home was in Vienna, Austria. There he has an uncle, Herron Josef Gutmeyer. His parents are both dead. Gutmeyer, though not wealthy, was independent. He was a retired officer in the Austrian army, having served as a lieutenant.

He was of a decidedly nervous temperament, easily excited, and quickly angered. One reason for coming to California was ill health, due to stomach trouble.

BASE BUTCHERY OF NON-UNION FIREMEN.

Beaten, Stabbed and

Water.

Police Appear But all Assailants Make
Escape.

CLEVELAND, O., April 15.—Fifty striking union firemen, armed with knives and clubs, boarded the steamer Howard L. Shaw when she arrived in the harbor today from Duluth and terribly wounded three non-union firemen employed on the vessel. A riot-call was turned in but when a patrol-wagon loaded with officers arrived on the docks, the attacking party had dispersed. The names of the injured are: Adolph Pearce, Gladstone, Mich.; George Smith, Duluth; Walter Sigler, Duluth. Smith, after being stabbed and beaten almost into insensibility, was thrown into the river. He was rescued by sailors from the steamer. Pearce was cut in the side, in addition to receiving several bruises. Sigler's nose was broken and his head badly cut. Pearce's condition is serious. The police are looking for the men who made the attack.

BOLD FOOTPAD CAPTURED

SAN FRANCISCO, April 15.—"Henry E. Mason" is the name given by the desperate thugs who, at Eleventh and Market last night, attempted to rob and almost beat to death aged James Gillette, a bartender. At the City Prison this morning, although he had not seen him for twenty-five years, Detective "Tim" Bainbridge, head of the Identification Bureau of the Police Department, identified the murderous footpad as Larry O'Neill, alias H. Lupton, alias Henry E. Mason, who had recently been released from Folsom and although at first the prisoner was inclined to deny his identity, he finally admitted that

Mrs. Miller of Alameda
is Attacked By Her
Husband.

Woman Refuses to Have
Her Assailant
Arrested.

ALAMEDA, April 15.—As a result of a serious stabbing affray which took place in the Alameda hotel at Park street and Buena Vista avenue in this city early this morning, Mrs. Ruben Miller, a young married woman, whose address has not yet been ascertained, lies in that hotel suffering from seven deep cuts on her head and face inflicted by her husband who also lives in the hotel.

WIFE AND HUSBAND SILENT.
The police have as yet been unable to act in the matter because Mrs. Miller positively refuses to make a complaint against her husband and furthermore, because he is sick and suffering from rheumatism. It is said to be an attack of rheumatism.

MILLER UNDER ESPIONAGE.
At the police station today, it was said that the police would act if there were a small hospital in the city to which Miller could be taken. In the meantime, all that can be done is to keep a watch on Miller and arrest him as soon as he is convalescent. The Red Men, of which order Miller is a member, have erected themselves in his case and since the commission of the assault, one of the members of the order has been constantly at his bedside.

POLICE INFORMED.
Word of the cutting was conveyed to Chief Conrad a few minutes before 11 o'clock last night. A young man in the employ of Hay & Wright, the ship-builders rushed into the station house at that hour and said that one of the male guests of the hotel had nearly killed his wife by slashing her with a pocket knife.

DETECTIVE'S REPORT.
Detective William H. Weymouth, who happened to be in the office at the time made hasty tracks for the hotel. What he learned is set out in a report of the case he made this forenoon, which was to this effect: "I went upstairs and into the kitchen and there found Mrs. Miller sitting in a chair with a cloth over her eyes and weeping."

SEVEN CUTS ON FACE.
"I asked her where she was cut and, on removing the cloth, saw that she was suffering from no less than seven deep slashes on the face and forehead. There are two on the forehead, each about four inches long, two more of a little less length on each side of the bridge of the nose, one on each cheek and one long scratch under the left ear."

SURGICAL ATTENDANCE.
"I at once summoned Dr. L. W. Stidham the Health Officer and he put five stitches in the forehead wounds and several stitches in the others, which he also dressed."

INCRIMINATES HUSBAND.
"I asked Mrs. Miller who had cut her and she said it was her husband, but she positively declined to have him arrested. Nothing would persuade her to change her mind so I could do nothing. I then went down stairs and saw Miller. I don't know his first name. He was in bed, evidently suffering from rheumatism, and was being attended by John Eutney, one of the order of Red Men, who had been summoned."

"I took possession of the knife that Miller had used. It is a small pocket knife and the small blade with which he inflicted the injuries is smeared with blood. He told me that he had done cutting in a fit of temper, feeling angry with his wife because she had that afternoon taken him ten cents in their possession and gone and purchased a new one."

COUNTRESS OF DUDLEY WHO
LEADS IN IRELAND.

COUNTRESS OF DUDLEY
In the Costume Worn at the Bal Poudre Recently
Given at Dublin Castle.

The Countess of Dudley is famed in this country as one of the English court beauties, as well as one of the most popular titled ladies in the United Kingdom. As a horse-woman, also, she has won distinction and admiration. Her recent severe attack of appendicitis excited the sympathy of the whole English people. Her husband, the Earl of Dudley, was recently made Viceroy of Ireland, one of the most important crown favors to be conferred upon the nobility.

chased red wine. I found the knife lying on a little table near the bed."

WANT NO PUBLICITY.
Then a reporter of THE TRIBUNE called at the hotel this morning Mr. Groome, the proprietor was sick and with pneumonia. The assistant house-keeper was naturally anxious, for the reputation of the hotel, that the matter should not receive publicity.

The hotel is one of good repute and there is no liquor sold on the premises. Miller and his wife, the assistant housekeeper said, came there about two weeks ago in the same way ordinary guests come and go. The reporter was putting questions, Dr. C. W. Bronson of Alameda entered to attend on the sick proprietor. The physician said that the proprietor, Mr. Groome was his patient and that he was not attending on the injured woman or her husband, but that, as far as he could see, it would be safer and more satisfactory for all concerned if Miller were arrested. It is possible that the police will act as soon as Miller is convalescent.

Mrs. Miller is described as about thirty years of age and handsome. Miller is about the same age. They have been married three years. Miller, as has been indicated, is not known to the Alameda police. The officers are, however, making inquiries into his record.

SENT BY REW.
It was J. A. Rew, a member of the Order of Red Men who sent Eutney to attend on Miller. Mr. Rew stated to a reporter this morning that Miller is Ruben G. Miller, who has been employed as a painter in Alameda for some time.

CECIL ASKED TO KILL GOVERNOR GOEBEL.

FRANKFORT, Ky., April 15.—Frank Cecil, who has been away from Kentucky since his indictment last year as accessory to the murder of Governor Goebel and who recently surrendered, gave some sensational testimony in the trial of James Howard today. Cecil corroborated Culton, Broughton, Golden and others as to the alleged conspiracy. He also said that Caleb Powers, then Secretary of State, had told him a man had been secured to come here from the mountains to kill Goebel. If this man failed to arrive, Powers told him, he (Cecil) would be paid \$2500 if he would fire the shot. Cecil says he declined. Governor W. E. Taylor, he testified, called him into his private office and told him the same thing. Governor Taylor said he had saved \$2500 from his campaign fund and

Body of P. J. Madsen
Found in the
Hills.

Last evening just before dusk the body of a man was observed near a creek on the Redwood road, beyond Reese's saloon, by Deputy Constable Dearborn, who was out hunting. The man remained perfectly stationary and rigid and aroused the curiosity of Dearborn to know why he remained so. Dearborn went to the spot and found the man was hanging from a tree suspended by ropes about his neck. The body was far advanced in decomposition, and the face peered over the top of a fence. Dearborn notified the Coroner and the remains were brought to the morgue this afternoon. The body was encased in respectable wearing apparel. In one of the pockets was found an application for naturalization papers, made August 5, 1894, signed by Deputy Clerk Thomas Crawford of this county, and bearing the name of Peter J. Madsen. There were a number of letters in the other pockets showing that the deceased, or the owner, was a native of Denmark. There were still other papers indicating that the deceased had for some time been in indigent circumstances. No person so far as known is acquainted with the deceased.

ROYAL DEBUTANTE TO BE RECEIVED IN SOCIETY.

COLONEL THOS. PEARSON REPLIES TO MAYOR.

Colored Folks Will not Be Denied But Will Be in the Roosevelt Parade With Bells.

The colored citizens of Oakland will not submit to any color line being drawn on them in the matter of the reception to be given President Roosevelt in this city on May 13.

Colonel Thomas Pearson, the gifted colored orator and lawyer, is leading the colored forces and organizing them. They propose to give President Roosevelt a royal reception when he arrives in this city.

Colonel Pearson, in discussing the subject this morning, said: "The colored people of Oakland and Alameda county feel as though they have been just a little ignored by Mayor Olney in the matter of the appointment of the general reception committee. You will observe that on that committee not a single name of a colored gentleman appears."

"I do not want it understood that the colored folks have any resentment towards our honored and distinguished Mayor, but we feel just the least bit hurt. The colored gentlemen are of the opinion that the Mayor might have given them just one representative on the committee so that our race would be properly recognized. You know that the colored folks feel very kindly towards President Roosevelt because of his stand regarding colored appointments in the South."

"We feel that now is our opportunity to show the President that we appreciate the many stand he has taken in breaking down the color line bars and giving the colored citizens the rights guaranteed him under the constitution of his country. I see no reason why the color line should be drawn in Oakland or why the colored citizens should not have a representative on the committee. However, Mayor Olney has seen fit to ignore us, yet

we do not feel unkindly toward him. I, for one, believe that it was an oversight on his part, because I am of the opinion that if the matter had been called to his attention early enough he would have appointed at least one representative colored gentleman on the general committee."

"But we are going to be there with bells. The colored folks have come to the conclusion that it is their duty to form an organization for the purpose of making arrangements to greet the President and to that end a well-attended meeting was held last evening, at which it was decided that we colored folks will turn out in a body on the day that the President visits Oakland, and form a conspicuous section of the parade."

"We are going to hold another meeting next Monday evening, when final plans will be completed and our organization perfected."

"When this is done we will present the matter to the general committee and ask that they assign us a position in the line of march. Surely the committee cannot refuse us this one small favor. We expect to make a splendid showing on that day and trust that there will be no feeling regarding our position in the matter of the Amalgamated Colored Clubs was held in West Oakland last evening and the following officers were elected for the ensuing year:

Frank Henry, president; William Tipton, vice president; L. Dennis, secretary; Walter Breed, assistant secretary; J. F. Summers, treasurer.

The executive committee was appointed as follows: J. A. Wilds, chairman; Captain W. T. Sherry, James White, Alvin Turner, J. Taylor, Wallace George Turner, George Swayze and Oscar Mason.

HIGH HONORS TO COMMANDER.

KNIGHTS TEMPLAR GREET R. E. WILLIAM FRANK PIERCE.

Last night there was a unique and very pleasant entertainment in the form of a reception given in the asylum of Knights Templar, Masonic Building, corner of Twelfth and Washington streets, in which a number of most distinguished Masons of this city, with their wives, took part.

The reception was extended to W. Frank Pierce of this city, who holds the exalted position of grand commander of the Knights Templar of California. It was given under the auspices of Oakland Commandery No. 11, K. T. The program was of a dual character, comprising addresses on several different subjects, complimentary and complimentary remarks relating to the grand commander. The Senator's remarks were highly appreciated by every person present.

Among the speakers was Senator Frank Pierce, who extended a hearty and eloquent greeting to the grand commander. The Senator's remarks were impromptu, but were eloquent and highly appreciated by every person present.

The sentiment of "The Ladies" was responded to in a very graceful manner by Mrs. J. A. Britton, who occupies the position of grand warbler of the Grand Commandery of California. Mrs. Britton has a number of very pleasant things to say about the gentleman and the regret was that the compliment which he paid the ladies was limited by the length and excellence of the other features of the program.

At intervals during the evening a number of excellent selections were given by Sir Knight R. S. Gray, Hugo Mansfield, Mrs. Charles Poulter and Mrs. Minnie Kempsey Henderson. An interesting sketch of the great composer, from whose work these selections were made, was given by William Edmund Price, commander of the Oakland Commandery.

APOSTLES ASSIGNED.

KANSAS CITY, April 15.—The annual conference of the Latter Day Saints assigned the twelve apostles to fields as follows: F. M. Sheehy and W. W. Green, Colorado; Nova Scotia and New Brunswick; Herman C. Smith, Indiana, Illinois, Michigan and Wisconsin; F. M. Smith, Iowa, Minnesota, Nebraska and North and South Dakota; W. H. Kelley, Rocky Mountain district; Joseph Luff, Colorado, Nevada and Arizona; J. N. White, Missouri, Kansas and Indian Territory; John W. Rushton, British Isles; Peter Anderson, Scandinavia; J. W. Wright and C. H. Butterworth, Australia.

Besides these nearly 400 other ministers were appointed to various other places throughout the United States and many foreign countries. The church numbers about 50,000 and is scattered very widely throughout the world.

The conference reaffirmed its condemnation of polygamy, declaring that the book of Mormon forbids the practice. The conference adjourned to meet next year at Kirkland, Idaho.

INCREASE IN WAGES.

HOOSICK FALLS, N. Y., April 15.—The following notice has been posted in every department of the Walter A. Wood Mowing and Reaping Machine Company's works:

"On and after April 15 the price of all piece-work in this department will be increased 10 per cent and all day wages will be increased 10 cents per day." The increase is attributed to a greater demand for labor in other places and to general prosperity.

JOHNSON WANTS HIS BREAD-WINNER.

LANDLADY HOLDS RACER AND TELLS JOHNSON TO SUE.

Hard times, some months ago, came to William Johnson, the owner of the well-known race-horse Harry Thatcher. With all his speed, Harry could win little more than was required to keep him in condition and under shelter, while his owner was obliged to depend upon the leniency of his landlady, Mrs. Annie Hastings, who resided near the Oakland Jockey Club park. But even Mrs. Hastings' largeness of heart sustained contraction when she discovered that Johnson had eaten of her table until he had made a \$50 hole in herarder.

Mrs. Hastings agreed to take Harry Thatcher, feed him, and him, and after paying herself from the winnings the amount owing her by Johnson for food and care, she would return the horse to Johnson.

The returning part of the proposition has not yet been carried out, whereas Johnson avers that Mrs. Hastings has won \$1200 with the runner and has, therefore, paid herself nearly twice.

Johnson made a demand for the return of the horse to him, but Mrs. Hastings denied to comply with the demand, and accordingly, Johnson has brought suit in Judge Ogden's court for the purpose of regaining possession of his running horse.

CUTS WIFE'S THROAT AND ATTEMPTS SUICIDE.

WHITE PLAINS, N. Y., April 15.—The Coroner has been summoned to Mount Kisco to investigate a report that Isaac Bergstrom, a stableman, had killed his wife by cutting her throat with a razor. The man is said to have been the result of a recent quarrel between the man and his wife.

NIAGARA FALLS.

CHICAGO, April 15.—A dispatch to the Tribune from Buffalo, N. Y., says: "Before the Westminster Club last night D. T. Welsh, who was the father of the Niagara Falls reservation and the original promoter of the Niagara Falls drainage canal, in connection with the power company, now being formed, were said to be resigning Niagara to the past. He said:

"Enough application are in Albany now for permission to buy and operate power to take water from Niagara river to reduce the flow over the falls at least one-fifth."

The Chicago drainage canal is carrying a great volume of water downwards towards the Mississippi, diverting it from the falls. The Canadian Government is granting a contract to the company to use the water as fast as we are on this side.

"Steps should be taken to restrict the water to the falls. It will not be long before our grand cataraict will be gone."

EFFECT OF PURE FOOD.

CHICAGO, April 15.—A dispatch to the Record-Herald from Washington says: "Officials of the Department of Agriculture familiar with a food testing being conducted by Dr. Wiley, say the pink complexion taken on by the young men who are the subjects of experiments are not due to chemicals in the food, but to the complete elimination of all impurities from the blood brought about by eating pure food alone. No drugs have been used with the food for the last few weeks in order that Dr. Wiley might observe the contrast of the subjects eating the pure food and the adulterated with borax and other chemicals."

OLD PINE TREE STANDS.

ROCHESTER, N. Y., April 15.—Chief Pine Tree of the Tuscarora tribes whose civilized name is Elias Johnson, has succeeded in driving the Indians to quit him. He stated on the fact that he started the Kansas Land Claims against the Government which resulted in the distribution of \$2,000,000 among the Six Nations. The ballot stood 31 to 17.

FELL THROUGH A TRAP DOOR.

NOW WANTS THE RESIDENCE FOR DAMAGES SHE SUSTAINED.

Through having a hidden trap door in a closet, Mrs. Eliza Magnus of San Francisco who owns a house at 414 Golden Gate avenue, there is a possibility of her losing the entire residence. The place was rented to Miss Lillie Blunkall, a sister of Edwin Blunkall, the actor, formerly leading man at the Dewey Theater in this city. Miss Blunkall entered a dark closet and stepped on the hidden door which gave way and precipitated her to the basement below. This was in 1901 and yesterday she instituted suit here for \$10,000 damages on account of the injuries she received and which she alleges has incapacitated her for life.

INJURED WOMEN TAKEN HOME.

The three young women who were injured by being run down by a train at Sisco last Sunday evening have been conveyed to their home at 1713 Thirteenth street, in this city. They are recovering out of immediate danger, but their cases are watched, because of possible complications, by Dr. Martin of the Southern Pacific medical staff. Miss Margaret Eay, one of the injured women, it is feared has sustained injuries of an internal character. The women are as yet unable to walk. A definite statement concerning the accident.

BRIDGE WORKERS' STRIKE MAY SOON BE SETTLED.

NEW YORK, April 15.—It is learned that President Buchanan of the International Association of Bridge and Structural Iron Workers has declared of strikes involving 5000 men against the American Bridge Company, pending a settlement of the differences by arbitration.

The strikes ordered for the recognition of the International Association in this city, Albany, Buffalo, Philadelphia, Baltimore, Pittsburgh, Chicago and other places.

A representative of the American Bridge Company is quoted as saying that, although the company has not as yet received a visit from a local Arbitration Board since the holding of the last recent arbitration conference, he expected the strike to be soon settled.

GOVERNMENT WORK INTERFERED WITH.

NEW YORK, April 15.—If sufficient evidence can be obtained, it is not unlikely that the House-smiths and Bridge-workers' union, which is attempting to tie up the work on the cantilever crane for the battleship Connecticut at the Brooklyn Navy Yard, because the company refused to employ union men, will be indicted for conspiracy against the government by the United States District Court.

Admiral Rogers has asked Assistant District Attorney Howells, of the Eastern District Federal Court, for advice as to what legal action could be taken to compel the union to cease its interference with Government work.

Mr. Howells pointed out that if evidence could be obtained to prove that persons were deliberately committing acts which would directly or indirectly hinder, delay or otherwise interfere with the work carried on for or by the Government, such persons could be arrested for conspiracy against the United States. He declared he was ready to make arrests whenever sufficient evidence should be collected.

"The difficulties in the practical accomplishment of such a grandiose project are so grave and complex as to render it almost utopian. The further discussion of the question has been postponed until the next session of the congress, which will, probably, postpone it still further. It is the best that could be done as the movement intended to shut out Europe from the continent over the sea, has already aroused in the United States, which is sensitive on the subject, a reactionary current, thereby further embittering the commercial relations between the old and new worlds."

MERCHANTS HOLD A MEETING.

PLAN TO HOLD A BIG FOURTH OF JULY CELEBRATION.

The Board of Directors of the merchants met last evening and considerable business of much importance to the city was disposed of. The members present were: Theo. Cier, president; Wilbur Walker, secretary; G. W. Arper, D. C. Brown, J. L. Chapman, H. C. Coward, P. M. Farwell, Herman N. Gard, E. T. Muller, J. E. W. Solist. President Cier called the attention of the directors to the necessity of preparing for the Fourth of July celebration.

The Board was unanimously in favor of making a grand success of a Fourth of July celebration, and a committee is now figuring on the ways and means. An article denying that the Alameda Boating Club favored or had any idea of holding a carnival on the Fourth of July was read with considerable satisfaction. The communication went to say that the club as well as all other California rowing clubs, look forward to a big regatta on Lake Merritt on July Fourth, to be held under the auspices of the citizens of Oakland.

Alameda Boating Club is therefore in favor of assisting Oakland to make the big celebration which shall be a county affair a big success.

D. C. Brown and Wilbur Walker reported as a committee to visit the tunnel road and report to the Merchants Exchange the progress being made in the boring of the tunnel. The committee visited the tunnel and found that as large a crew of men as could be accommodated at work night and day at both ends of the tunnel and that the underground thoroughfare is now about half completed. Several hundred feet at both ends of the tunnel have been dug and timbered.

D. C. Brown was unanimously elected and was finally prevailed upon to allow his name to be suggested by the Board to the judge who will have the appointment of a Board, under the recent act of the Legislature, for the care of delinquent children. Sec. of Assembly Bill No. 127 is entitled an act defining and providing for the control, protection and treatment of dependent and delinquent children; providing for the appointment of Boards to investigate the qualifications of organizations receiving children under this act.

Sec. 10 reads: "The Superior Court of each county and city and county may appoint a board of six reputable citizens of either sex, who shall serve without compensation; whose duty it shall be to investigate all societies, associations, and corporations securing or applying to receive children under this act; the said board shall report

MEDALS GIVEN TO THE CANADIANS.

ROOSEVELT'S SOUVENIRS OF A BRAVE RESCUE IS APPRECIATED.

CHICAGO, April 15.—A Kincaidline (Ont.) dispatch to the Record-Herald says: "Before President Roosevelt left Washington for his trip he took the first step in a kindly act of international courtesy which was completed here last night. Eight gold medals, given in recognition of their bravery in saving the lives of the crew of an American schooner were presented in the name of the President of the United States by the United States Consul Shirley of Goddard to citizens of Kincaidline."

"On the night of October 7th last, in a terrific gale the schooner Ann Marie, bound from Cleveland to Milwaukee with coal was wrecked off Kincaidline. Citizens gathered on the lake shore, determined to attempt a rescue. Four men entered a small boat and, after great exertion, took the crew aboard. Just as the boat started to return, a wave filled the rowboat and its occupants were thrown into the water."

"There followed a long, hard struggle with the storm. William Ferguson, one of the rescuing party, and four of the schooner's crew were lost. Thomas, John and Walter McGraw, the remaining rescuers succeeded in regaining the wrecked vessel, dragging two American sailors with them. Another boat was sent out and rescuers and rescued were brought ashore. The eight principals in the rescue were given Humane Society medals, but not until recently was it known that President Roosevelt had given attention to the efforts."

CROKERS' HORSES' EARNINGS.

NEW YORK, April 15.—Alexander S. Innes, for several years overseer of Richard Croker's estate at Wantage, Eng., is in this city en route for San Francisco, where he will have charge of the racing stables of Colonel James Lascelles. He says Mr. Croker's racers made a stake for him last season that not many of the English racing men could equal.

CHAFFEE BANQUETED.

UTICA, N. Y., April 15.—Major-General Adna R. Chaffee, U. S. A., was the guest of honor at the annual banquet of the Utica Chamber of Commerce last night. He made a speech in which he told of the progress of the army. He was enthusiastically applauded.

TELLS OF FIERCE BATTLE.

Shot the Accused After He Was Acquitted.

SAN DIEGO, April 15.—A letter received in this city from George A. Trumbo, justice of the Peace at Pico, throws additional light on the riot which resulted in a tragedy at that mining camp last Saturday. The letter is to District Attorney Carter and in part is as follows:

"Enough happened here yesterday to fill a book. At about 6:30 a. m., at the mine, Peter Burke discharged his revolver accidentally and the bullet went through a curtain, then glanced off on a board and passed through a partition, killing a Mexican. They sent for me to hold an inquest which I did. The jury returned a verdict that the deceased came to his death by a gunshot from an unknown hand. This verdict did not suit the Mexicans and when we were taking Burke to the wagonette and we (the superintendent, assistant superintendent and myself) had seated him on the seat, the brother of the deceased jumped up with a gun to shoot. We grabbed him and by great exertion overpowered him. While we were doing this a second man jumped up and shot Burke, whereupon Burke jumped out of the wagon and commenced to run.

"In a very short time the crowd was after him, overtaking and shooting him in the head, killing him instantly. Bullets were flying all around and the assistant superintendent was shot through the fleshy part of the leg. The doctor says that he will be able to move around a little in ten days if blood poisoning does not set in and kill him. A bullet whizzed by my ear and another one passed my knee. Several shots were fired at the superintendent without effect.

"Constable William Horan was chased over two miles with bullets and rocks. I have often read of stories of this kind, but this throws them all into the shade. I am telegraphing for the Sheriff to come immediately and we are looking for him tomorrow so we will consult with him before doing anything."

BRANCHING OUT OF MISSOURI PACIFIC.

LINCOLN, Neb., April 15.—A special to the Star from Beatrice, Neb., says: "The boldest stroke of railroad construction in the history of Nebraska has just been decided upon by the Gould interests as represented in the Missouri Pacific Railroad system. The plan is the construction of their trunk lines in as many different directions across the State of Nebraska.

Starting point will be Virginia, Nebraska, a town of 150 inhabitants on the prairies in the southeastern part of the State and one of the present terminals of the Missouri Pacific in Nebraska. The construction of a line from Virginia to Beatrice is now under way. The title of the road as incorporated under the laws of Nebraska is the Kansas City, Beatrice & Northwestern. Beatrice is the first junction point of the new trunk line. One line will be built due west to Denver.

The northwestern branches will be built from Beatrice. A junction is to be made at new town near Plato, in Saline county. From the new town, the site of which has not been selected, as yet, one branch will go north into Northern Nebraska and the Dakota wheat fields. The other branch will go northwest, either through Grand Island or Prosser, Neb. The Denver branch will be built straight west through the larger towns of Southern Nebraska.

CAMPBELL AND CARISCH CASES.

AUBURN, N. Y., April 15.—Secretary Farrell today gave out the decision of the National Board of Arbitration in the matter of the dispute of the New Orleans Baseball Club and the Birmingham Club in regard to the services of Manager Campbell. The Board is practically unanimous in its retention of Campbell's services to the Birmingham Club.

The appeal of the Helena, Mont. Club for a re-opening of the Carisch case was denied and the player's services awarded to the Denver Club.

EASTERN TEMPERATURE.

CHICAGO, April 15.—Temperatures at 7 a. m.: New York, Philadelphia, 46; Boston, 40; Washington, 44; Chicago, 38; Minneapolis, 34; Cincinnati, 42; St. Louis, 40.

OUTLAW JIM HAS NO FEAR

BAKERSFIELD, April 15.—McKinney may possibly be now en route to the valley by way of the uncompleted Kern river road. It is definitely known that he recrossed the river yesterday appearing on this side of the Hot Springs valley, and about 1 o'clock in the evening, with his rifle in his hand, he walked into the blacksmith shop. There were several men present, none of whom knew McKinney and one of them asked the man with the rifle if he were out hunting for the outlaw. He gave a negative answer and shortly left the shop. As he passed away from the premises, he was seen and recognized by the engineer of the Kern River Power Company. McKinney headed towards the country between Havilah and the river and he may now be well down in the grade towards the Power Development Company's works.

It is possible, of course, that he recrossed the river and is again making his way over the ridge towards Lums valley. By the trail up from Vaughn, he could readily reach the old toll road that crosses the Green Horn via Evans' saw

MINING STRIKE IS ASSUMING DARK ASPECT.

UNION MEN SEEM TO HAVE GAINED A TEMPORARY VICTORY.

JACKSON, Cal., April 15.—The labor troubles assumed a darker aspect this morning. A procession of union men returned from a missionary trip to the Gwin mine late last night, flushed with success. It seems that a meeting was held in Paloma yesterday and a number of Gwin employees are reported to have joined the organization. The Gwin mine is consequently idle. In Jackson a crushing blow to the whole community has been dealt by orders from the Kennedy Company to plank down the shaft which means the abandonment of the property for the time being and consequently filling of the mine with water. This mine is the largest employer of labor in the county. Two hundred and fifty men have been working on the property, new hoist and sixty stamp mill are in process of construction, involving an expenditure exceeding \$60,000. This decisive action was brought about by a force of strikers meeting the carpenters and laborers employed about the new hoist and mill on their way to work. The strikers were about eighty strong. The Kennedy employers were turned back. E. Brown, one of the engineers whose business is to hoist water, was also met by a delegation of union men. He was on his way home from work and was asked to join the union. Brown told them he had no desire to join. They then said he need not go to work, that that would answer as well as joining the organization. Brown demurred, saying that he had better not go to work this evening. He returned to the mine and told the superintendent that he would prefer to surrender his position rather than run the gauntlet alone in passing to and from work.

The superintendent said he did not blame him for feeling that way and informed Brown that the company had decided to plank down the shaft and stop all work. The action of union men in stopping the engineer was taken in the hope of forcing the company to terms. It had the effect of threatening an abandonment of the whole mining industry. It is reported that the South Eureka mine has received instructions to stop taking out ore. This will throw the water into Central Eureka and cause serious trouble there. The Zella and Onella mines will likely follow suit unless the situation changes within the next twenty-four hours.

GOV. TAFT TAKES A LONG RIDE.

WASHINGTON, April 15.—Secretary Root today received the following cablegram from Governor Taft, who went recently from Manila to Benguet to recover his health:

"Good trip well. Road horseback twenty-five miles to 5,000 feet altitude. Hope dysentery cured. Great province. This only 160 miles from Manila with air as breezing as Adirondack. Wonderful country. Fine grass lands. Temperature in this, the hottest month in the Philippines, in my cottage about 3 o'clock in the afternoon, 68°. Fires are necessary night and morning."

BROKE UP BOGUS JOINT IN CHICAGO.

CHICAGO, April 15.—The police today raided the printing offices of J. J. Jacob at 78 Sherman street, and placed the proprietor under arrest, charged with keeping a common gambling house and conducting a lottery. The police claim Jacob is a manager of the Montana Mining, Loan and Investment Company, the offices of which concern were raided Monday night. The company is reported to be used in the manufacture of stock certificates of the "Montana Mining, Loan and Investment Company" was seized by the police. Jacob was afterward released in bonds of \$600.

NOTIFIED OF PROMOTION.

SAN FRANCISCO, April 15.—Colonel Rawles was notified officially today of his promotion to the rank of brigadier-general and his retirement from the service with that rank.

General Rawles has been commander of the Beside since May 1, 1902. He entered the army May 1, 1861, and has been promoted twice for gallantry during the Civil War.

SUGAR GOES UP FIVE CENTS.

NEW YORK, April 15.—All grades of refined sugar were advanced 5 cents per 100 pounds today.

Left at Hospital With Fingers Bereft of Jewels.

New York Woman Victim of Conspiracy of Robbery.

NEW YORK, April 15.—Considerable mystery surrounds the case of Mrs. Clara V. Graham of this city, who was left at Bellevue Hospital yesterday, suffering from what the doctors say was the effect of knock-out drops or some other drug.

In a hansom cab, which was driven rapidly to the hospital, was Mrs. Graham, who about 3 o'clock p. m. was semi-conscious and had the appearance of having been drugged. On her fingers were a number of valuable rings. Two of the rings, however, had had jewels extracted. The woman was assisted out of the hansom by the attendants and a physician attended her. As soon as she left the hansom the driver drove rapidly away without saying a word.

The case was diagnosed as one of knock-out drops or some other drug. Mrs. Graham became unconscious after being put to bed. After two hours she regained consciousness and was able to tell her name and that of her husband. Later her husband visited the hospital and she told him that she had left her home about 3 o'clock p. m. to go shopping. She visited a department store on Broadway and afterwards went to a restaurant near by. She said she did not remember what happened after that, except that she had a faint recollection of being placed in a hansom and being rapidly driven up Madison avenue. Two things that had been taken from her, Mr. Graham said, had been set with diamonds and a ruby. The stones were worth about \$800 all told.

Mr. Graham said he had received a telephone message from his wife about 5:30 p. m. Monday, when she told him she was in a hansom and was being driven to a place at 5 o'clock. That was the last he had heard of her until yesterday.

Mr. Graham said he was going to her home. Besides the missing jewels, Mrs. Graham had lost \$50 in money.

Resolved, That Council Resolution No. 25142, authorizing the Board of Public Works to reconstruct and repair the bridge on College avenue, over Temescal creek, at a cost not to exceed \$10,000, be and is hereby granted, and the same is hereby referred to the City Council, with power to act thereunder, to-wit:

Resolved, That Katherine V. Klinkner, as executrix of the last will and testament of Charles A. Klinkner, deceased, be and she is hereby requested to grade the lot on Fifty-ninth street, near San Pablo avenue, purchased from her by the City of Oakland, in accordance with the contract entered into by her with the City of Oakland on the 13th day of November, 1900.

Resolved, That resolution No. 4781, adopted by the Board April 8, 1902, granting to the Oakland Press Club the use of the house formerly occupied by the Board of Health as a place of meeting, until May 15, 1903, be and is hereby rescinded.

W. J. Bolce has gone to Salinas, where he intends spending the summer with his daughter, Mrs. William King, and his two sons, George and Edmund Polce.

WOULD SHE CITY OF BERKELEY.

ASKS \$5,000 DAMAGES FOR MISPLACED JANGER SIGN.

Benjamin Clark, a minor, has had suit brought in his behalf against the city of Berkeley for \$5,000 damages alleged to have been sustained by him through the negligence of certain street contractors in placing danger signals at the approach to excavations made in the streets.

It is alleged that Clark was riding his pony along A-line street and that when he arrived at the intersection of Alcatraz avenue his horse stumbled into an excavation made in the thoroughfare by street workers and that he was thrown off and his shoulder broken.

The allegation further states that Clark was not able to commanding placed at the spot as required by regulations and that he has been injured and put to expenses in the sum of \$5,000.

ADVENTISTS WILL NOT PRESS THIRD-ANGEL CASE.

On the statement made this morning by Attorney Sam Bell McKee in the Police Court, that the members of the Seventh Day Adventist Society of this city, who had the "Third Angel" and several of the Angel's friends arrested, did not intend to prosecute the defendants, the charges against Messrs. Lund, F. O. Hudnell and H. T. Nelson, growing out of this occurrence, were dismissed by Judge Smith. Some other charges pending against the defendants mentioned have been set for trial on the 17th inst., and they will also be dismissed.

The Adventists say their purpose in having the defendants arrested was simply to keep them from disturbing the meetings of the Adventist conference which has now come to a close.

BOTH LEGS BROKEN.

A young man by the name of Arthur Rollins was brought from Long Wharf this afternoon to the Receiving Hospital to be treated for a fracture of both legs. He was engaged in unloading lumber from a schooner, when a heavy stick of lumber fell across it, legs smashing both of them. Both legs are broken about half way between the knee and ankle. The right leg is very badly splintered and Dr. Hamlin despair of saving it. Young Rollins is 23 years of age and lives with his aged mother at 1217 Fourteenth street.

KRAMM LITIGATION IS IMPENDING.

PRELIMINARY STEPS FOR VERY SENSATIONAL LEGAL BATTLE.

An action has been instituted by the widow of Henry J. Kramm against her mother-in-law, Augusta Kramm, and Frank Senram, an executrix and executor of the estate of Charles Kramm, the wealthy brewer man, deceased, for an accounting of their administration of the estate since 1892.

Mrs. Kramm is fighting for a one-fourth interest for herself and posthumous child, of an estate valued at \$152,565, left by her father-in-law. Her husband died without gaining the benefit of the money left him and, in his will, disinherited his wife and her heirs. Besides the missing jewels, Mrs. Graham had lost \$50 in money.

ENGLISH RESIGNS AS SECRETARY.

SAN FRANCISCO, April 15.—At the meeting of the Harbor Commissioners this afternoon, W. D. English tendered his resignation as secretary of the State Board of Industrial Commissioners to take effect on the 29th of this month.

Mr. English thanked the members of the Board for the kindness they had shown him and expressed himself as highly gratified over the pleasant relations which he had maintained with the members of the Board. He hoped the same relations would exist between his successor and the Board. The resignation was accepted with regrets.

SAYS COLORED BOY STOLE HER PURSE.

A little colored lad who says his name is George Clemens and his age is ten years, was in the Police Court this morning on a charge of petit larceny. He was arrested last night on complaint of Miss Mary Oliver, 513 Tenth street, who alleges in the complaint that the youth, who has been doing errands for her, stole her purse and contents amounting to \$2. The case was continued by Police Judge Smith until tomorrow when the lad will enter his plea.

WILL RE-OPEN CURTAIN HOUSE.

WELL-KNOWN FIRM OF PLUMMER AND PEYTON WILL RETURN TO OAKLAND.

Tomorrow the Curtain House, for over one year at Fourteenth and Franklin streets, will reopen. About six months ago Messrs. Plummer & Peyton opened a fine store on Sutter street, and discontinued business here, but have decided to accommodate their large Alameda county clientele by putting in a very large stock of draperies, curtains and grill work fabrics.

The premises occupied by these gentlemen, in the Athenian Building, Fourteenth and Franklin streets, have been handsomely reapportioned and will delight the eyes of the most aesthete.

BROKE HIS LEG.

The friends of Mrs. A. L. Wood will be sorry to learn that her small son, Charlie, while playing Saturday, fell and broke his right leg. A physician was instantly called and the limb was set. The little fellow is doing finely.

DIMMICK AT WORK.
Walter N. Dimmick, ex-chief clerk of the United States Mint, has been given his number at San Quentin prison and has been ordered to work in the jute mill.

MRS. CROWLEY SWEARS TO WARRANT

Mrs. Alma Crowley this afternoon swore out a warrant for the arrest of Harvey Seligman, aged 20 years, son of Mrs. Anna Seligman on the charge of disturbing the peace. Mrs. Crowley claims that he called at her house yesterday and got into an argument with her. He claimed that his mother's character had been unjustly assailed and that Mrs. Crowley was the cause of the trouble. A warrant has been issued for his arrest.

ARE OPPOSED TO BOYCOTTS.

DECLARE AGAINST LOCKOUTS BUT RECOGNIZE RIGHT TO ORGANIZE.

NEW ORLEANS, April 15.—At noon the Resolutions Committee of the Manufacturers' Association announced its report was ready. The labor question immediately came to the front in the shape of a resolution embodying a declaration of principle, declaring against boycotts and lockouts, recognizing the right of labor to organize, but "without interference with the liberty of employers or employees," denying the right of unions to fix wages, and pledging the association to oppose all legislation not in accord with the foregoing principles.

A motion to adopt the resolutions brought a protest from James F. Taler of Cincinnati, who demanded that the resolutions be held until tomorrow. Mr. Taler was supported by Mayor Jones of Toledo and a rising vote was demanded. The motion to defer action was lost by a heavy vote, and the resolutions were adopted as follows:

"We, the members of the National Association of Manufacturers of the United States, do hereby declare, as a principle which shall govern the conduct of our members, that we are opposed to the employment of force with the problems in connection with labor."

"Fair dealing is the fundamental and basic principle on which relations between employer and employees should rest."

"The National Association of Manufacturers is not opposed to organizations of labor, as such, but it is unopposed to the employment of force, and other acts of interference with the personal liberty of employer and employee."

"No person should be refused employment or in any way discriminated against on account of membership or non-membership in a labor organization, and there should be no discrimination against or interference with any employee who is not a member of a labor organization by means of force or other acts of interference."

"With due regard for contracts, it is the right of the employer to have his property when he sees fit, and it is the right of the employer to discharge any employee when he sees fit."

"Employees must be free to employ their own labor at wages mutually satisfactory, without interference or dictation on the part of the individuals or organizations not directly parties to such contracts."

"The employers must be unmolested and unhindered in the management of their business and in the use of any methods or systems of pay which are just and equitable."

"Upon the limitation should be placed upon the opportunities of any person to learn any trade to which he or she may be adapted."

"The Association disapproves all acts of strikes and lockouts and favors an equitable adjustment of all differences between employers and employees."

"The National Association of Manufacturers pledges itself to oppose any and all legislation in accord with the foregoing declaration."

MADSEN WAS WELL KNOWN IN OAKLAND.

Peter J. Madsen, the man who was found dead hanging to a tree on the Redwood road this morning was identified this afternoon as a member of the Danish settlement of this city.

He was an attaché of the Buffalo station at 1249 Broadway opposite the postoffice, which he recently owned by Fred Peterson, one of the best known Danish-Americans of this city.

Mr. Peterson resides at 1524 1/2 Broadway.

Madsen left Peterson's place of business about six weeks ago and, since that time he whereabouts have been unknown. Whatever effects he possessed he left at the place mentioned.

Madsen was a member of a prominent family at Jutland in Denmark and from the members of that family he received remittances at regular intervals.

WOMAN IS GRILLED BY POLICE JUDGE.

"Madam, I wouldn't believe you under oath. The defendant is dismissed." was the statement made by Police Judge Smith this morning when Mrs. Joseph Smith had concluded giving her testimony against Jose Freitas whom she accuses of having attacked her in the absence of her husband and whom she charged with seduction.

The woman told a tale on the stand greatly at variance with the one told by Prosecuting Attorney Lench at the time she secured the warrant for Freitas' arrest and for this she was refused the sympathy of the court.

MADSEN WAS WELL KNOWN IN OAKLAND.

Peter J. Madsen, the man who was found dead hanging to a tree on the Redwood road this morning was identified this afternoon as a member of the Danish settlement of this city.

He was an attaché of the Buffalo station at 1249 Broadway opposite the postoffice, which he recently owned by Fred Peterson, one of the best known Danish-Americans of this city.

Mr. Peterson resides at 1524 1/2 Broadway.

Madsen left Peterson's place of business about six weeks ago and, since that time he whereabouts have been unknown. Whatever effects he possessed he left at the place mentioned.

Madsen was a member of a prominent family at Jutland in Denmark and from the members of that family he received remittances at regular intervals.

WOMAN IS GRILLED BY POLICE JUDGE.

"Madam, I wouldn't believe you under oath. The defendant is dismissed." was the statement made by Police Judge Smith this morning when Mrs. Joseph Smith had concluded giving her testimony against Jose Freitas whom she accuses of having attacked her in the absence of her husband and whom she charged with seduction.

The woman told a tale on the stand greatly at variance with the one told by Prosecuting Attorney Lench at the time she secured the warrant for Freitas' arrest and for this she was refused the sympathy of the court.

WILL RE-OPEN CURTAIN HOUSE.

WELL-KNOWN FIRM OF PLUMMER AND PEYTON WILL RETURN TO OAKLAND.

Tomorrow the Curtain House, for over one year at Fourteenth and Franklin streets, will reopen. About six months ago Messrs. Plummer & Peyton opened a fine store on Sutter street, and discontinued business here, but have decided to accommodate their large Alameda county clientele by putting in a very large stock of draperies, curtains and grill work fabrics.

The premises occupied by these gentlemen, in the Athenian Building, Fourteenth and Franklin streets, have been handsomely reapportioned and will delight the eyes of the most aesthete.

BROKE HIS LEG.

The friends of Mrs. A. L. Wood will be sorry to learn that her small son, Charlie, while playing Saturday, fell and broke his right leg. A physician was instantly called and the limb was set. The little fellow is doing finely.

DIMMICK AT WORK.
Walter N. Dimmick, ex-chief clerk of the United States Mint, has been given his number at San Quentin prison and has been ordered to work in the jute mill.

BIG FESTIVAL ON THE WAY.

ELABORATE PREPARATIONS FOR
AN EVENT OF EXCEEDING
IMPORTANCE.

ALAMEDA, April 15.—These are busy days in the Emancip City preparations for the big Spring Festival. The management committee makes the ambitious assertion that the festival will excel any similar event ever held in this place, and, judging from the plans outlined, the affair promises to be a stunner.

A large force of carpenters, electricians and decorators are at work, and the result promises a veritable fairyland of brilliancy and artistic excellence. The lighting scheme is to be on an extensive scale embracing some original and superb effects. In fact, the committee will exhaust all available currents, the local capacity being entirely inadequate.

The night floral parade is to be an innovation, as artificial flowers are to be used in connection with hundreds of tiny electric lights which are to be embedded in the flowers, producing a picture at once dazzling and charming.

The little ones of the Alameda schools are working as busy as bees, fashioning lovely facemasks of real flowers, blossoms and buds which are to be used on the different floats and vehicles. Each school is, of course, anxious to secure the handsome large silk flag which is to be presented to the school whose float is awarded the first prize.

All the big features of the festival have been secured. The numerous shows, free-acts, esplanade-features, ferris wheel, miniature railway, merry-go-round, raffle-dazzle, cheer market, floral and electric booths, merchants' booths and all the numerous attractions are booked and the details are now being executed with all possible haste, so it is the firm intention of the committee to have all in readiness for the opening night, Saturday, April 25th.

BROKE LAMP GLOBE.

ALAMEDA, April 15.—Oscar Joseph, 22 years of age, has been arrested by Detective George H. Brown, charged with maliciously breaking the globe of a street lamp in front of Captain J. H. Somers' saloon at Railroad and Sherman avenues. Joseph was released on bail for \$15, furnished. His case is pending in the Justice's Court.

WEDDING BELLS RING TONIGHT.

COMING MARRIAGE OF MISS
EMILIE DURYEA AND
J. R. WILSON.

ALAMEDA, April 15.—Preparations are being made at the home of Mr. and Mrs. Fred E. Mason, 1719 Everett street, for the marriage, which will take place this evening of their youngest daughter, Emilie Duryea, to John Ralph Wilson. A large number of the friends of the young people and their families have been invited to be present and to participate in the reception afterwards. The ceremony will be performed by Rev. Martin N. Hay of St. John's Episcopal Church, Oakland, of which the bride's parents are members. Dr. Ray will be assisted by Rev. Dr. J. A. B. Wilson of San Francisco. Dr. Carl Grove Wilson of San Francisco will be best man and Miss Clotilde D. Mason, a sister of the bride, will be maid of honor. The bridesmaids will be Miss Isabel Birkmiller, Miss Florence Mason, of San Francisco, a cousin of the bride; Miss Jeanette Deal of San Francisco; Miss Muriel Russell of Alameda and Miss Myra Jeffers of San Francisco.

Viscount De Cava and Burrell S. White will act as ushers. The bride's gown will be of white duchesse satin trimmed with lace, while the bridesmaids will be attired in gowns of white satin and carry garlands of pink roses. After the marriage the young couple will leave for an extended honeymoon through the South. On their return, they will make their home with the bride's parents in Alameda. The groom is an attorney at law in San Francisco.

HIT WITH BASEBALL.

ALAMEDA, April 15.—Alva Wiese, a thirteen-year-old boy, has been arrested on a warrant obtained at the instance of Mrs. Delome, of Central avenue and Regent street. Wiese is charged with maliciously injuring a playmate by striking him on the back of the head with a baseball. As the injured was not serious Wiese was liberated, but having been furnished with the sum of \$10.

NATIONAL LEAGUE WEATHER.

PHILADELPHIA, April 15.—Owing to inclement weather the opening game here of the National League season was postponed. In the opening series the local team will have Boston as their opponent.

ADVENTISTS' HOLD MEETING.

OFFICERS ELECTED AT THE
SESSION HELD THIS
MORN NG.

At the convention of the Seventh Day Adventists held at Alameda and licenses were granted as follows: M. H. Brown, J. W. Bagby, A. Brosser, M. E. Cady, D. E. Feib, C. M. Gordon, J. S. Harmon, E. C. SHOOTING AT BLACKBIRDS.

KANSAS CITY, April 15.—The feature of the Grand American Tournament at Blue River Park today was the preliminary handicap at 100 blackbirds.

There were about 160 entries and the same handicaps governed as in the race tomorrow. There also were 100 entries at twenty blackbirds each, entrance \$2, with \$25 added. Practically all of the crack shots took part and the competition was keen, the marksmen making the best of the last day's practice before the Grand American Handicap, which is to begin on Thursday. Weather conditions were ideal, bright and clear, with but a slight breeze blowing. Because of the large

number of entries, it was again impossible to announce the winners before late in the day.

PATENT LAWYER DEAD.

CHICAGO, April 15.—Lester LeGrande Bond, a prominent lawyer and politician and one of the pioneer citizens of Chicago, died here today from a complication of diseases. He was well-known as a patent lawyer.

ALBANIAN SLAYER TO DIE.

CONSTANTINOPLE, April 15.—The Albanian soldier who shot M. St. Chelmeria, the Russian consul at Mitrovitz, inflicting a wound from which the latter died, has been sentenced to death, the Russian Embassy here having demanded a revision of the previous sentence of fifteen years' imprisonment.

IT PAYS TO JOIN A PIANO CLUB

No One Gets Something for Nothing---It's Foolish to Try---But One
Can Get a Good Deal For One's Money
By Carefulness.

THE POMMER-EILERS MUSIC CO. has brought the dignity of one price into the piano business—has, of course, made "one price" the least possible price, because we've cut off all chance to haggle. The very lowest price at which any one can buy ONE piano anywhere. But suppose you bought a hundred at once, an entirely new price could be offered. And that's just what is done by the Pommer-Eilers Piano Clubs.

DECKER PIANO CLUB

We, its founders, bought a hundred Decker upright pianos of the finest styles, all at once, for spot cash, the makers agreeing to ship as fast as they could, and we are sending a check next day for each lot that comes. Four hundred pianos sold at once, without any extra expense, except the actual making. This made the club possible. We figured the saving after counting in our actual outlay, and we saw that we could let you have a fine Decker, Kimball or Lester piano, in fancy mottled walnut, mahogany or oak case, on easy terms. The net saving is at least one-third, and in most cases nearly a half of the usual price instruments of these qualities are sold for. And each member gets his or her

PIANO SENT HOME IMMEDIATELY

There's no drawing or delay or uncertainty. Each member gets all the benefit that comes from buying four hundred pianos for cash at one time. It's the benefit of association. The clubs are absolutely limited to ONE HUNDRED MEMBERS and will not be extended or reopened. Don't wait until you may be too late. No, we can't afford to sell pianos on the club plan; nobody can, if the saving is real.

OUR GUARANTEE

If we had to make good too many guarantees we'd lose money. If we failed to make good any guarantee we'd lose your confidence and our own self-respect. We'd better lose money—yet with the hypothesis of integrity it takes money to be in business and it is the goal of business to make money. The guarantee, to our thinking, is a promise like this: We have used every effort to have the piano right and good; we have had them thoroughly inspected. WE BELIEVE IN THE PIANOS. If, after all, actual use discloses flaw or shortcoming, be as fair to us as we try to be to you; give us an opportunity to make amends. It is our purpose that no one shall lose money or patience through dealing with POMMER-EILERS MUSIC CO.

THE PRICES AND PAYMENTS

In this plan are included several choice makes of pianos usually sold for \$225 to \$275. The club prices will be \$137 for one kind and \$178 for the other. All of them are new pianos and fully warranted. The very choicest medium grade pianos manufactured in America, instruments such as cannot be sold in the regular retail manner for less than \$300 and \$350, will go to the club members for \$187 for one style and \$218 for another. Choice of the best selected English Oak, mottled walnut, and fancy mahogany cases to select from.

Members joining Club 6 will obtain a fine new piano upon payment of \$5 down and weekly payments of \$1.25. By joining Club 6 today you can get a fine new warranted piano for \$137 that has been formerly sold by old-time reliable dealers here for \$250, and in some instances ever for \$300, and \$5 initial payment and \$1.25 a week is all that is required.

Members of Club 7 pay \$7.50 upon delivery of piano, and then at the rate of \$1.60 a week.

Club 8 members will pay \$13 down and the balance in payments of \$2 weekly.

Members of Club 9 will be asked to pay \$20 down and payments of \$2.50 a week.

Corresponding reductions are made on every one of the four hundred fine new pianos included in this Piano Club Sale.

Remember the number, 653 Market Street, next to Examiner Building.

FOR CLEAN STREETS.

Mayor Olney has been making a personal examination of the streets and expresses himself as disgusted with their condition in the business quarter. The paving on Broadway and Washington and the cross streets between is fairly good, but the roadways and gutters are encumbered with all sorts of filth and rubbish. They present a most untidy appearance.

The Mayor proposes to remedy this condition if possible. He intends to inaugurate a cleaning up campaign, in which he desires the active cooperation of the public as well as the energetic assistance of the street department.

The efforts of the Mayor to bring about a more efficient system of street cleaning should be warmly seconded. There are two ways of contributing to the desired result. One is to clean up trash and filth as fast as it collects in the streets and the other is to refrain from dumping dirt and rubbish in the gutters. It is needless to say that many of our business men are exceedingly derelict in this matter. They sweep trash into the streets without stopping to consider that this littering of the thoroughfares creates a nuisance. While the amount deposited by each individual is small, the aggregate is large, and the dust and dirt that find their way into the streets are carried into the stores by sharp gusts of wind. The dried and powdered filth is driven into the faces of people on the street with most disagreeable consequences.

By ceasing to sweep or deposit trash in the streets the business men can greatly aid in keeping them clean. It is to be hoped they will see the point, and by precept induce others to pursue a like policy.

No mechanical contrivance has yet been invented that will really clean the streets, although the machines in use remove a large portion of the filth. But the machines can only run in the late hours of the night because they fill the air with clouds of loathsome dust. To facilitate their use the streets are sprinkled just ahead of them and this causes a great proportion of the more volatile filth to cling to the hard pavement surface. The interaction between the paving stones and the grooves by the car tracks are left filled with filth and dust. The first run of the cars in the morning sends this vile stuff boiling all over the street. The dried filth sticking to the pavement is sent flying about by the delivery wagons. Thus business is hardly resumed in the day before the streets are full of filth and dust, to which is added the sweepings from the stores.

If the streets are to be kept clean continuous hand-sweeping must supplement the machine sweeping. The droppings of animals should be removed at once from the streets in the business center. Otherwise the highways must continue to present a foul and unsightly aspect during business hours. This street cleaning question deserves the earnest attention of the Merchants' Exchange. San Francisco never got her streets decently cleaned till the Merchants' Association took hold of the matter. There is a hint in this for the merchants of Oakland. At least the Mayor should be seconded and backed up in his efforts to promote street cleaning. Let everybody lend a hand to the good work.

How does that decision in the merger case affect the insurance combine? That organization was perfected solely to prevent competition.

THE COGNATE ISSUE.

It is announced that the consolidation of the "Frisco" and Rock Island systems will not take place. It is easy to imagine that this change of plan was caused by the decision in the Northern Securities case. If that decision be upheld by the Supreme Court, as general opinion seems to foreshadow, the proposed consolidation would have been declared illegal anyway, so it was not perfected. But the question now is how to prevent the same parties getting control of competing lines and while pretending to operate them separately operate them in fact jointly to accomplish the same results as were contemplated by the merger. The merger was simply giving name and formality to the same effect produced by the so-called "community of interest" plan. It is the thing and not the name that the law is intended to abate. There is nothing gained by fighting the shadow if the substance is allowed to wax strong and fat undisturbed. While there will be no formal merger of the Frisco with the Rock Island, the two systems are controlled and operated in "caboose." The "community of interest" scheme is at work to destroy competition and restrain trade in the way that the Thayer decision says is unlawful. Daniel S. Lamont, vice-president of the Northern Pacific, expressed the idea when he said the decision of the court made no real difference; that the roads were owned by the same parties and were being operated on a joint plan—the merger being a mere matter of convenience. We shall see, however, whether the law is only powerful against the shadow and powerless against the substance.

THE POSTAL INVESTIGATION.

Postmaster General Payne has at length given out a statement to the effect that he personally ordered the investigation now being prosecuted into the conduct of certain minor officials of the Postal Department. He has doubtless been moved to do this by the persistent misrepresentation of the facts by Democratic organs, which insisted that the investigation was begun by Assistant Postmaster General Bristow, who has been represented as acting without consultation with his chief. It was also covertly insinuated that General Payne was trying to stifle the inquiry and to protect persons guilty of wrongdoing.

The statement of the Postmaster General is a complete disproof of all these partisan misrepresentations, but it will hardly stop the misrepresentation; that will simply be directed into other channels.

So far from the investigation being instituted without General Payne's knowledge, the charges were first presented to him and by him handed over to Mr. Bristow for investigation. The whole matter was laid before the President at the time, which disposes of the story of disagreement in the Cabinet about the matter.

The fact that the investigation is being prosecuted by direction of the Postmaster General with the knowledge of the President, evidences the harmonious relations existing in the President's official family, and also shows that the administration is determined to probe scandals to the bottom and to purify the public service wherever contaminated. It is worthy of note that this investigation was voluntarily begun by the department, and was not necessitated by partisan attack or political exposure. Charges were filed gravely reflecting on a number of officials in the postal service, and they were investigated in the ordinary course of business. Finding out what was being done, the opposition press began to make capital out of the affair and to misrepresent the attitude of the Attorney General.

The report that William Jennings Bryan is looking for harmony with a club indicates that he means mischief. The suggestion of harmony always makes him think of a certain fat person in New Jersey.

GROVER CLEVELAND'S VIEW.

Unquestionably Ex-President Cleveland expressed the conservative opinion of the North on the negro question, so far as he expressed himself, but the limitations of his address cannot be overlooked. Mr. Cleveland generalized, and left much to be inferred. Doubtless what he said will be cordially endorsed by such men as President Roosevelt and Senator Hoar. It meets the approval of Dr. Lyman Abbott and of Booker Washington, the most enlightened member of the negro race living. Evidently the ex-President intended to rebuke and dissuade the radicals and enthusiasts on both sides of the race question. The policy he advocates is one of concession, conciliation and mutual cooperation. These things are easier suggested than brought about, although every discerning man will admit their good effect.

Mr. Cleveland plainly leaves it to be inferred that he regards politics a poor road to advancement for the negro. It undoubtedly is. It is not a successful road to the majority of white men who make political preferment the chief aim in life. To the negro it must be much less so. He is heavily handicapped at the outset by conditions which place him at an enormous disadvantage. He is less fitted than his white brother for political activities, and he must encounter at all points an invincible prejudice. It is useless to deny this, for the existence of race prejudice is more strongly accentuated in the cultured classes today than it was thirty-five years ago.

Mr. Cleveland believes the negro's future prosperity lies along the road of education, thrift and industry. The less he has to do with active politics—the fewer seeking and office-holding—the fewer obstructions he will find in his road to enlightenment and competence. There is a moral in this, for it recognizes an imperative condition that inexorably overthrows theories and abstractions. It is a condition the negro can no more escape than he can escape the color of his skin. However regrettable, it must be taken into account.

Why do the Democrats persist in trying to galvanize their old hacks and has-beens? Why don't they look around for new blood—for a young, virile, up-to-date leadership that is full of fight and enthusiasm? They can't hope to make any headway with stale men and dead issues. But it seems that the quarrels of the past are as enticing to them as its defeats and failures. The party needs a course of electric treatment, and nobody is better qualified to give it than William Randolph Hearst.

The Stockton Independent's fear that free text books will injure school children is touching. But why isn't the Independent afraid that free books in the public library will injure the persons who read them?

CURES CATARRH.

"Hymel the Most Wonderful Cure for Catarrh Ever Discovered," Says Mayor Yard.

Do not try to cure catarrh by taking drugs into the stomach; it cannot be cured in that manner. The only way in which this too common disease can be cured is through a direct application that will kill the bacilli of catarrh and prevent their growth.

Hymel is the only known method of treatment that accomplishes this. It is the simplest, most pleasant and the only absolute cure for catarrh that has ever been discovered.

Thousands of unsolicited testimonials have been received from the most prominent men and women in the country who have been cured by this remarkable remedy. Ministers, bankers, lawyers, even eminent physicians have sent strong testimonials as to the remarkable powers of Hymel to cure catarrh.

Former Mayor Emory M. Yard, of Trenton, N. J., writes: "You have my permission to say that I believe 'Hymel' to be one of the most wonderful cures for catarrh and throat trouble that has ever been discovered. In my case the effect has been marvelous. I enclose you money order for two outfits for friends of mine to whom I have recommended 'Hymel' and who I am anxious shall have the benefit of this remarkable panacea."

The complete Hymel outfit costs but \$1.00 consisting of an inhaler, dropper and sufficient Hymel to last over a month. This will effect a cure in ordinary cases, but for chronic and deep-seated cases of catarrh, longer use is necessary and other extra bottles of Hymel, (a month's treatment) can be obtained for 50c. It is not alone the best (it might be called the only) method of curing catarrh, but it is also the most economical.

Osgood Bros. have so much confidence in the power of Hymel to cure catarrh, that they will for a limited time, sell this medicine under their personal guarantee to refund the money if the purchasers can say that it did not help them.

Miss Alice Bailey, of Atlanta, Ga., tells how she was permanently cured of inflammation of the ovaries, escaped surgeon's knife, by taking Lydia E. Pinkham's Vegetable Compound.

"I had suffered for three years with terrible pains at the time of menstruation, and did not know what the trouble was until the doctor pronounced it inflammation of the ovaries, and proposed an operation. 'I felt so weak and sick that I felt sure that I could not survive the ordeal.' The following week I read an advertisement in the paper of Lydia E. Pinkham's Vegetable Compound in such an emergency, and so I decided to try it. Great was my joy to find that I actually improved after taking two bottles, and in the end I was cured by it. I had gained eighteen pounds and was in excellent health."

BERKELEY PROFESSOR NEXT DOOR TO SECRET OF LIFE.

Remarkable Discovery Made By Prof. Clarke of the Agricultural College—The World Will Watch His Experiments.

BERKELEY, April 15.—By subjecting the rose aphid to different chemical solutions, thereby influencing the growth and generation of that insect, entomologist Warren T. Clarke of the University of California, through a long series of the most remarkable experiments, has arrived at some results that will come as a revelation to the modern scientific world.

In a measure, what Dr. Jacques Loeb, the eminent biologist, has done in governing through chemicals the propagation and development of marine forms of life, Clarke has done with this land form of life, though his experimenting is still only in its infancy. So far as is known, this is the first time in scientific history that any land forms of life have been thus influenced, and the work of Mr. Clarke may lead to further scientific discoveries that will throw great light on the hidden mysteries of life.

Clarke's experiments date as far back as last September, since which time he has worked unceasingly along his fascinating line of investigation. Observing that aphids, or plant lice, develop wings at certain seasons of the year, yet not trusting in the general view that these wings are caused by weather conditions or wholly through intermittent development as the supply of food upon which the insect feeds grows less, Clarke determined to subject the aphid to different chemical solutions to see if these wings could

not be developed artificially. His work has met with great success, and he has proved conclusively that these wing forms are controlled through chemicals, and that these chemicals can be supplied not alone through nature, but by solutions of the laboratory as well.

In his experimenting the entomologist discovered that there are really two problems in the family of insects with which he was working—the appearance of the winged insects as the offspring of wingless mothers, and the parthenogenetic production exhibited by them. These he has proved to be not the phenomena of alternate generation, for it is possible to continue a species in this group over the space of two or three years and through many generations without the intervention of the male insect. In these cases the young aphids have been produced, leading to the belief that possibly there are apterous agamic viviparous females reproducing forms identical with themselves.

To analyze the ash ingredients of the plant upon which the aphids feed, was the first step taken in the experiments. This analysis showed that as the plant reached maturity, phosphorus and magnesium were found in augmented quantities near the ends of the stems where the insect receives its nourishment. Working from the hypothesis that the growth and multiplication of wing cells was induced by chemical cause, and bearing in mind that mag-

nesium and phosphorus were the chief ingredients of the mature plant upon which the insect feeds at that period when its wings begin to grow, Clarke inaugurated a system of experiments to test the effect of these chemicals upon the aphids. The compounds that he used were magnesium chloride, magnesium sulphate and tri-potassic phosphate.

The experiments dealt exclusively with the common rose aphid. Wide-mouthed bottles were nearly filled with sterilized washed sand. A rose twig upon which was one apterous viviparous female was placed in each jar, and the sand was thoroughly saturated with either distilled water or a saturated solution of the chemicals being experimented with. The twigs naturally sucked the chemicals up, and thus upon these chemicals the insects under observation were made to feed. A careful watch was kept upon the twigs and a tabulation made of the young aphids, winged and wingless.

In this way it was found, among other things, that when the food material of the aphid is charged with an excess of the soluble salt of magnesium, the winged form are rapidly produced. Under these conditions from 73 per cent to 92 per cent of the young developed will become winged against 4 of 1 per cent to 4.4 per cent when distilled water is used. Magnesium was the only chemical that influenced the development of the aphid.

Deep is the significance of these experiments. They mean that, for the first time in the history of scientific research, land forms of life have been influenced in their development by subjecting the female to different chemicals, and by so doing changing the character of the offspring. Experiments of a similar character have been performed with the lower forms of marine life, but never before with any land forms of life.

Last year Clarke conducted the work against the peach worm of Placer County, where he saved the farmers of that section thousands of dollars by destroying the pest. This year he is conducting a campaign against the codling moth of Monterey and Santa Cruz counties. For the last four years he has been connected with the agricultural department of the University of California, through whose experimental station he has done work of great value to the State.

DATE SET FOR FIRST INTERCOLLEGIATE RACE.

BERKELEY, April 15.—Final arrangements have been made for the boat races between the University of California and the University of Washington crews. May 22 is the date set for the first race, which will be held on Lake Washington. The return match will be held next term on the Oakland estuary. This will be the first time in the history of amateur athletics on the Pacific Coast that intercollegiate boat races have been held, and it marks the beginning of a new sport here that is destined to be as popular in the West as it has been in the East. The meet will consist of both large and small races. The men who will represent California are E. B. Hiley, E. J. Grindley, W. B. Dandy, Henry Muller and A. D. Smith.

PERSONAL AND SOCIAL.

BERKELEY, April 15.—The men of the Junior class will give a dance to the young ladies of the class in Hearst Hall on the evening of April 22. Those in charge are D. W. Johnson, I. Metzler, A. W. Meany, A. H. Moberly, M. A. Evans Jr., J. A. Elston, former pastor of the Christian Church, and his wife returned yesterday from Honolulu, where they have been visiting their son, Charles, who is head of the school department there. Their daughter, Rebecca, did not return with them, but will continue her visit with her brother.

Word has been received from Honolulu of the birth of a son to the wife of W. J. Kenyon. Mrs. Kenyon was Miss Mac Hodgson, well known in this city. Among the passengers to be injured in the recent wreck of the Marquette was J. Johnson, the traveling man for the Deering Plow Company of San Francisco, who lives at 2016 Channing way. Though he was severely lacerated, Mr. Johnson escaped without dangerous injuries.

WEDDING IN THE COLLEGE TOWN.

MISS LILLIAN LOUISE KNOWLES WILL WED ERNEST DOZIER.

BERKELEY, April 15.—At the home of her parents this evening, Miss Lillian Louise Knowles, daughter of Dr. and Mrs. W. A. L. Knowles, will be united in marriage to Ernest Dozier. Dr. George E. Swan, rector of St. Mark's, will officiate. Charles T. Dozier, brother of the groom, will act as best man, and Miss Elizabeth Pringle will be maid of honor. The bride will be attired in cream mousseline solo over white silk, with a bertha of rose point and duchess lace, and will carry a shower bouquet of bride's roses. The wedding ceremony will be followed by a reception in the family residence, which has been beautifully decorated in white and pink. After their wedding trip the young couple will reside at 1934 Virginia street.

Ernest Dozier, the groom, is well known in Berkeley, where his family has resided the past twenty-three years. He was graduated from the Oakland High School and entered the University of California with the class of 1898, but never finished his college course. When in the High School and University he distinguished himself as an athlete and for some time held the Pacific Coast record for the mile run. At the opening of the war with Spain he enlisted in the signal corps of the United States Army and was among the first to go to Manila. While the army was in action before the capital Dozier distinguished himself in the field by repelling a line of telegraph wires under a galling fire from the enemy. For this deed he was promoted by General Merritt from corporal to first sergeant. After leaving the army he engaged in mining in Alaska for three years, returning to California to take up telegraph work. He now has a responsible position with the Western Union Telegraph Company in San Francisco.

Miss Knowles is the daughter of Dr. W. A. L. Knowles, a San Francisco dentist. The family is well known in Alameda, where Dr. Knowles was a member of the Board of Education for twelve years. He was elected Monday to a social entertainment to be given in the near future, probably some time next month. The gentlemen have not decided as to what will be the nature of the affair, but it will likely be in the form of a Dutch social, where good-fellowship, with song and laughter will reign supreme.

M'GAVIN WINS THE TENNIS CHAMPIONSHIP.

Defeats Baker in Five Hard Fought Games—Men Who Will Meet Stanford.

BERKELEY, April 15.—In the final match to determine the tennis team that is to represent California in the intercollegiate tournament next Saturday, D. MacGavin met and defeated G. L. Baker yesterday afternoon on the U. C. tennis courts. The match was one of the closest played this season, and not until the last point had been won was the winner sure of the college championship for 1903. It was the best three out of five and it took all five games to settle it. MacGavin took the first game by a score of 6 to 3. The next two games went to Baker, each being won by the same score, 6 to 2. The fourth game was taken by MacGavin the championship for this year, the scores being 6 to 4. This gives MacGavin the championship for this year, and also gives him a place on the Varsity team.

All but two matches have now been played in the University tournament. Harper and Ritzel are to play and the winner will meet Baker to determine who will be the fourth man on the inter-collegiate team. Without a doubt Baker will be this fourth man, as in his match with MacGavin and his work during the season he has put up some fine tennis. It is safe to say that he and MacGavin will represent California in the singles. While Varel and MacGavin will play together in the doubles, they having won the privilege in the double tournament played last month. With these three men wearing their colors, California has an excellent chance of adding a tennis victory to her long list of athletic triumphs this year.

The intercollegiate tournament will be played next Saturday morning at 9:30 on the California Club's court in San Francisco. In all three matches will be played, two singles and a double. The chances of the best two out of three of these matches will win the meet. All three matches will be played even though the first two go to the

PROGRAM ARRANGED FOR CHANNING CLUB CONCERT.

The executants will be: Henry Holmes, Homer Wisner, Karl Becker, Paul Friedhofer, Kathleen Paria, Fred Maurer.

YOUNG INSTRUCTOR IS LAID TO REST.

BERKELEY, April 15.—The funeral of the late Joseph E. Brand, former instructor in the University of California, who died Sunday at the Fabiola Hospital, was held yesterday from the First Baptist Church, of which the deceased was a prominent member. Owing to the absence of the regular pastor, R. L. Bailey, the services were conducted by Rev. C. J. Johnson, minister of the Methodist Church. The pallbearers were Professor G. M. Stratton, L. B. Rhodes, W. B. Esterly, C. W. Pettit, J. T. Alden and Dr. W. P. Montague.

ANOTHER TRIUMPH FOR RICHARD WALTON TULLY.

BERKELEY, April 15.—Another triumph has been won by Richard W. Tully, a graduate of the University of California and author of the celebrated Junior force, "James Wolberts." Tully has just had a fierce accepted by Leiber and Company, managers of the Victor Allen and other well-known stars. The force is in three acts and will be produced in the near season. Tully is also the author of the society drama that is to be played by Nat Goodwin next season.

HAYWARDS, SAN LEANDRO, ELMHURST, FRUITVALE, GOLDEN GATE

WEST BERKELEY GRANTING OF A BETTER SATISFIED. FRANCHISE.

CAPABLE OFFICERS WILL ACT AS CONSEQUENCE OF LATE ELECTION.

WEST BERKELEY, April 15.—The town election is over and the majority of the citizens are well satisfied with the outcome. Christian Hoff will represent the Seventh ward in the Board of Trustees and W. J. Schmidt will be the School Director from the Seventh. The comparatively easy victory of the latter over his two competitors was somewhat of a surprise here as it was thought that George and Henry would pull a larger vote than they did.

ONE WEEK MORE.

The Herbal Remedy Company is still here having decided to remain another week owing to the good business they are doing.

STILL RUSHING.

The business transacted by the West Berkeley post office is still very large and as yet the one carrier allotted to this office has been unable to catch up with his work and one delivery is all he is able to make each day. The additional carrier, which has been allowed, will be greatly appreciated when he comes.

JUNIOR WOODS STILL ON SUSPENDED LIST.

BERKELEY, April 14.—Although W. A. E. Woods, the Junior who has been suspended for being implicated in the Charter Day rush, was allowed a rehearing yesterday before the Students' Affairs Committee, that body refused to modify its sentence, and Woods is still suspended from college for an indefinite period. The action of the committee came as a disappointment to Woods and his friends, as he made an excellent showing on his rehearing, producing strong testimony and having an attorney to present his claims for reinstatement. Robert Roosevelt will be granted a similar hearing this evening. Satisfactory, however, the third offender is refused to accept the privilege of a rehearing, saying that he is through with the whole business.

ATLANTIC STORM SEVERE.

NEW YORK, April 15.—All along the coast the flood and storm was the worst in years. At Atlantic City and Asbury Park the severest northeaster that has visited that part of the Jersey Coast since 1895 has been raging for twenty-four hours. The tide at 9 o'clock last night was the highest that has been known for fifteen years. Huge breakers are crashing against the piling beneath the piers and pavilions and in some places the board walk with tremendous force. Heavy timbers from the board walk have been ripped up by the incessant bombardment of waves and carried out to sea.

GRANTING OF A BETTER SATISFIED. FRANCHISE.

SAN F. O. & SAN JOSE MAY RUN THROUGH EMERYVILLE.

EMERYVILLE, April 15.—Considerable business was transacted at the meeting of the Town Trustees Monday evening. There was a full board present and the ordinance relative to granting the San Francisco, Oakland and San Jose Railway Company a franchise for a right of way in the town of Emeryville, came up on its second reading and for action. As there seemed to be no reason why it should not be granted, the ordinance was passed and the franchise granted.

The franchise gives the company the right to build and maintain tracks and to run trains propelled either by steam or electricity for the period of fifty years. The company already owns considerable property in the town of Emeryville and some of the houses which are on the proposed route will have to be moved.

CONTRACT AWARDED.

The three bids for the concrete and cement work in and around the new Town hall were opened and read. The bid of Henry Douth of 66 Thirtieth street, was found to be the lowest and the contract was awarded to him. His bid was \$50.

TO STAND TRIAL.

Phil Bonner and Chas. White who were arrested a few days ago on the charge of disturbing the peace were up before Justice Coburn yesterday. Bonner pleaded guilty and was fined \$10. White, however, preferred to stand trial and his case was set for the 16th inst.

FEDERATION OF CHURCHES TO HOLD REGULAR MEETING.

BERKELEY, April 15.—The speaker announced to address the students of the University at the regular meeting Friday morning in Stiles Hall of the Berkeley Federation of Churches in Hon. S. Macintosh of the San Francisco Theological Seminary. "The Evidence of the Last Witness" will be the topic of the address. The meeting will be held at 11 o'clock.

COAL TEAMSTERS WIN STRIKE.

PROVIDENCE, R. I., April 15.—The coal teamsters' strike which began on April 1st has been settled through acceptance by the Teamsters' Union of the proposition submitted by the coal-dealers that the question of wages of the helpers be settled by arbitration. The contract for one year will be signed today. The time and wages will be the same as for last year, with the exception of the wages of the helpers, which will be settled later. The dealers agree not to discriminate against union men, while last year they agreed to hire none but union men, except under special conditions. Some factories were obliged to close down for a short time on account of the scarcity of coal. All of the strikers will have their places back.

BETTER STREETS MANY NOTES OF BUSINESS PROGRESS.

SAN LEANDRO SOUNDS MANY NOTES OF BUSINESS PROGRESS.

SAN LEANDRO, April 15.—Marshal M. Geisenhofer is supervising the repaving of Hepburn street. Crushed stone from the local quarry is being placed on the road. About four hundred yards of material have been put on the road. The work has almost come to a standstill on account of having no roller with which to go over the stone. It was expected that the roller would be here last Saturday but a letter has been received saying that it had not been shipped from Chicago until April 16th. So it will not arrive until some time next week.

LOCAL BUSINESS NOTES.

Frederick Schmidt has purchased of Dr. W. T. Thrasher the corner lot in Block 24, on which he will build a large barn in which to store hay.

A SOLID HOME.

A. Solomon, a San Francisco jeweler, has rented the Matoso house on Davis street.

JOSEPH PRAGA, FORMERLY WITH TOUR KING, HAS PURCHASED A HALF INTEREST IN JOHN FIELDS BARBER SHOP.

J. H. Ravacke has applied for a license to conduct a saloon on the corner of Estudillo street and Grand avenue.

GOOD ADVERTISEMENT.

The April number of the Enterprise contains a well written article by R. J. Hough of this place, telling about San Leandro and its numerous advantages. It is a good advertisement for the town and may be the means of bringing some new industries here.

PROSPECTIVE BRIDES HONORED.

One of the swiftest society events of the season was the reception given by Mrs. Dudley Kinsell Monday afternoon at her home in this city. The affair was in honor of three brides-elect, Miss Elsie Wenzelberger, Miss Mabel Ruth and Miss Alma Sherman. About 150 guests came out from San Francisco and Oakland. Before the reception, the coming brides were tendered a dainty luncheon by Mrs. Kinsell.

MANY VISITORS AT HAYWARDS.

SERVICEABLE NEW SIGNS TO MARK ALL STREET CORNERS.

HAYWARDS, April 15.—A large crowd of tourists came out on the last all-day-for-a-dollar excursion. They were a jolly lot and enjoyed themselves greatly. A number of people living in California were among the party, having come out with friends from the East. The excursionists seemed pleased with the place and appreciated the courtesy of the Board of Trade and the Ladies Improvement Club in showing them about the town.

STREET SIGNS ARRIVED.

The Street and Building Committee has received the shipment of signs recently ordered, and will have them put up as soon as possible. The lettering is black on a silvered strip of metal. Some years ago, there were street signs at all the intersections but, most of them have disappeared. Hence the new ones have been procured.

WILL BE A ROUSER.

The laboring classes are taking a great deal of interest in the movement of signs recently ordered, and will have them put up as soon as possible. The lettering is black on a silvered strip of metal. Some years ago, there were street signs at all the intersections but, most of them have disappeared. Hence the new ones have been procured.

NEW ELDER.

At the Presbyterian church Sunday evening, G. T. Prosser was installed as a deacon of the society. He has been an active member of the church for some time, always willing to help in any work, and his election to the office is highly pleasing to the members of the congregation.

PERSONAL.

George Gridell has gone north to buy a lot of new horses for his livery stable. W. E. Pimental, the B street barber, has returned from a two months' trip to China and Japan. George Smith of B street, is reported very low. He has been working in the San Joaquin valley where he was taken with a fever and brought home. Mrs. F. De Camp was seen visiting her father, has returned to San Francisco.

H. L. Boldt and C. E. Newlin of San Francisco, were registered at the Villa yesterday.

CHICAGO STUDENT MISSING.

NEW HAVEN, Conn., April 15.—Lester C. Burton of Chicago, a student at Yale University in the class of 1906, and a friend, whose name is unknown, are missing and are supposed to be drifting about the Sound. Barton, accompanied by his friend, rented a catboat Monday morning and left New Haven for this city and Milford. It is believed that he is either drifting helplessly about the sound or has been washed up on the Long Island shore.

BIRD MAKES GOOD TIME.

MORSE-THIEF GETS AWAY WITH TWO FINE HORSES AT GOLDEN GATE.

GOLDEN GATE, April 14.—Joseph Darrell of San Francisco, brought one of his swift carrier-pigeons over yesterday to the home of Carl Zundloch on Sixteenth street where the bird was liberated at exactly 10 a. m. as per agreement on the other side of the bay. The bird entered the city at home at just thirteen minutes after ten. Darrell was highly pleased with the result. He has a number of very fine carrier-pigeons and is training them for the international race which takes place in St. Louis during the Exposition.

HORSE STOLEN.

A horse thief has made his appearance in Golden Gate and as a result of his visit two citizens are mourning the loss of their horses. Mr. Sherman of Fifty-sixth street had a \$75 horse stolen from his barn and Mr. Young had one stolen from his yard. There is no clue to the thief.

SCHOOL REOPENED.

Miss Della Mincher has reopened her summer kindergarten at her home, 1011 Fifty-third street. She has quite a number of pupils.

QUIT HIS JOB.

William Crist of Sixtieth street has resigned from the employ of the Sparman basket factory.

VISITING FRIENDS.

Mrs. Hattie Miller of 1079 Sixtieth street has gone to Wells, Nevada, where she will visit friends.

HAVE NO NEED FOR PIG IRON FROM ENGLAND.

NEW YORK, April 15.—Indications are multiplying that America is no longer in need of British pig iron, has, indeed, ceased to be a buyer, says the Tribune's London representative. It is now a number of weeks since the Cleveland market booked an order from the United States and, though occasional shipments continue to be made, they are invariably in fulfillment of old orders or of prolonged contracts secured last year.

No Dessert More Attractive

Why use gelatine and spend hours soaking, sweetening, flavoring and coloring when

Jell-O produces better results in two minutes? Everything in the package. Simply add hot water and set to cool. It's perfection. A surprise to the housewife. No trouble, less expense. Try it to-day. In Four Fruit Flavors: Lemon, Orange, Strawberry, Raspberry. At grocers, 10c.

HOUSES WANTED IN FRUITVALE.

BUILDINGS IN COURSE OF ERECTION CAN'T SUPPLY DEMAND.

FRUITVALE, April 15.—Real estate dealers report a great call for houses and lots, in fact there are not enough houses here to supply the demand. Half a dozen fine dwellings are at present going up on the Sather tract, and more will be built soon.

RED MEN.

Ah Wah Nee Tribe, No. 86, Improved Order of Red Men, at their last meeting took in four new members. The pal-farers were Messrs. F. Nunes, E. Hoagerty, E. F. Kertt, and C. Sauritzen. A committee consisting of F. S. Jordan, H. Barkmeyer and E. F. Van Alstine, were appointed to make arrangements for a social entertainment to be given in the near future, probably some time next month. The gentlemen have not decided as to what will be the nature of the affair, but it will likely be in the form of a Dutch social, where good-fellowship, with song and laughter will reign supreme.

ENTERTAINED.

Last evening the Roosevelt battalion, formerly the Fruitvale Boys' Brigade, entertained their friends and the other Roosevelt battalion in the vicinity, Major A. B. Hutchinson, and a number of boys from San Francisco were on hand. The local company gave an excellent drill for the benefit of the guests. Refreshments were served and the boys all enjoyed a general good time.

President Roosevelt has written that he will give the Roosevelt battalions of the bay cities a special audience when he visits Oakland and San Francisco and the young soldiers are drilling hard to make a good appearance when they meet the President.

CLEANED OUT THE SEWER.

A while ago the School Trustees of the lower district, cleaned out the Talant street sewer. Since then there has been a great deal of work well and have been the residents in the vicinity that there will be no more trouble.

Cantiana Fraza of Whittier street, just east of High street, who was kicked in the abdomen by his horse while grooming it Friday morning, died yesterday at the Alameda sanitarium. An operation was performed there Friday evening and it was found that his spleen had been ruptured and the intestines telescoped. The physicians gave no hope for his recovery, death being only a question of a few days. Fraga was a Portuguese farmer, aged 55 years. He leaves a wife and five children.

NEW YORK, April 15.—The report that ex-Crown Princess Louise and Crown Prince Frederick Augustus of Saxony were to be re-married this week is denied, according to a World dispatch from London. It is asserted in Dresden that such a thing would be impossible.

CARRIER INJURED AT ELMHURST.

CHICKENS TOO VALUABLE TO BE SOLD AT THIS TIME OF THE YEAR.

ELMHURST, April 15.—Yester Alleen, a carrier of the routes of several city evening papers fell off his wheel yesterday afternoon and injured himself quite severely. His head struck the handlebar cutting a gash from the center of his lower lip down to the point of his chin. Several of his front teeth were also knocked out. He was carried to his home on the Moss Track where a physician is attending him.

NEARLY DROWNED.

While George Dugan and William Olley were fishing from a small boat in the bay Monday, opposite Jones street, the former fell overboard. He does not know how to swim and nearly drowned before his companion was able to rescue him.

AT THE CAR BARN.

One of the little old cars of the former Piedmont Cemetery line has been brought to the yards here and will be put in shape to use. The housecarriage is in Haywards from Castro and B streets to the Southern Pacific depot. At last week's meeting of the Haywards Board of Trade, the Transit Company was requested to put a new car on the line as the one in use was in bad shape. The new car will be put into first class condition and it is expected that it will be in operation some time next week. Car No. 165 of the Alameda and Mills College line has just been repaired, repainted and put into first class condition. It will leave the barn the last of the week.

NOTES.

James J. O'Toole, the lumber dealer, has received an order from B. Tofflemeyer of San Leandro, for material with which to build a six thousand gallon tank for his new wind-mill.

POULTRY.

Chickens are reported very much in demand in this vicinity. A resident tried to buy a chicken for his dinner last Sunday and, although a good share of the people in the village raise chickens, not an owner would make a price. It was said that this was the laying season and hens were too valuable to kill.

All Were Saved.

"For years I suffered such untold misery from Bronchitis," writes J. H. Johnson of Broughton, Ga., "that often I was unable to work. Then, when everything else failed, I was wholly cured by Dr. King's New Discovery for Consumption. My wife suffered intensely from Asthma, till she could not get on her feet. I bought a bottle of Dr. King's New Discovery for Asthma, and it cured her, and all our experience goes to show it is the best Croup medicine in the world." A trial will convince you it's unrivaled for Throat and Lung diseases. Guaranteed bottles, 50c and \$1.00. Trial bottles free at Osgood Bros., druggists, Seventh and Broadway.

on April 27th, 1903.
